Ngā mihi mahana ki a koutou katoa

We are all very excited about Ag day! On Friday all our students will be completing their indoor displays. Please don't forget to send your child to school with all the materials they need for making some of those displays. Each class will be doing something else! Students need to make their own creations – and this is really important.

On Saturday morning the classes will be opened from 8.30am till 9.30am. Please enjoy looking through the classes and don't forget to go to Room 7 to view our Yr 7+8's displays. We also have all the classes' science boards up – showing the incredible amount of science they have learnt as part of their authentic learning during the year.

We ask that you please help keep the displays safe. It is especially difficult if little siblings run free and damage these beautiful creations. The teachers will be out on the field to view the animal competition until 11am. They will then re-open the classes and you can go and view the exhibitions again. Please do not remove your child's work until after the grand parade – but also – please do not leave them at school. We do not have room to keep them in class and it is difficult if teachers have to dispose of them all.

Thank you Rob Reid! The pool is now clean and will be filled over time. We will let you know when swimming starts. It is usually only during the second half of the term.

Congratulations to our Hukerenui School RATS (Responsible Agricultural Team of Scientists!) Problem Solving Team who have been invited to compete at the National Finals in Auckland on 3 November. They have worked very hard to build capability and expertise in all our students to ensure they can expand and maintain all the authentic learning projects themselves. The students helped develop the levels of science knowledge across the school and generally all classes are working above the expectation of the National Science Curriculum. We wish them all the best for the competition in Auckland!

Thank You

Bastienne Kruger
Principal

Upcoming Dates:

October	
27 th	Indoor exhibits made for Ag day
28 th	AG Day
November	
2 nd	Central Day Barge Park
8 th	Athletics Day
9 th	Whangaruru Cultural Festival
14 th	Zones Athletics day Year 4-8
16 th	Bus monitors pool day in Whg
December	
12 th	Prizegiving daytime, time tbc
15 th	End of term

AG Day

Apologies for the late notice, there will be a preschool art exhibits section in room 4. The items to be made by the children are – self portrait, painted rock and flower saucer. Please deliver to school tomorrow.

Information on Ag day and Central Day at Barge Park can be found on the Hukerenui School website www.hukerenui.school.nz on the newsletter tab.

PTA Update

The PTA has tallied up the results from the quiz night held on the last day of term 3 and we are proud to say a whopping \$8,342.74 was raised! We would like to thank Hikurangi Lions and Kylie Rogers for helping on the bar, Chrissy Harrison for doing the food, Nick Green for being the MC on the night and Tim Williamson for auctioning items off and all those people who attended and supported the night. Most of all a big thank you to all those businesses and families that continue to support our school through kindly donating auction items; please support these people where you can.

Riponui Bus Route

There will be some disruption to the bus run next week with road works blocking the entrance to Rusk Road. At this stage we are unsure of the exact dates and times, we will update you once we know.

Yummy Stickers

Thank you for sending in your yummy stickers, we collected enough to buy \$71 worth of sports gear for the school. Please keep collecting the stickers for next year. Sticker sheets are available from the school or online on the yummy fruit website.

Hukerenui School PTA would like to warmly thank all our sponsors that have kindly contributed towards quiz night.

Please support these people as they have supported our children.
