Dear Mrs Kruger

Re: Hukerenui School - a source of Northland pride

Can you please pass onto your staff and students how proud we are of Hukerenui School after its recent starring role on *Country Calendar*.

Country Calendar not only showed New Zealand how good many country schools are. It was inspiring to see farming used as a basis to not just teach elements of the curriculum but to bring alive applied science, mathematics, business and life skills. There was genuine joy shown by your students when the maize was harvested because it was their hard work coming to fruition. Hukerenui School came across very well not just to us Northlanders, but to all New Zealanders.

As a former pupil it was special.

Yours sincerely

Rt Hon Winston Peters
